

## **Application for a new 2LD - parliament.nz Submission**

**From:** Aotearoa Māori Internet Organisation

**Received:** 5 April 2005

Aotearoa Māori Internet Organisation (AMIO) object to the proposed 2LD parliament.nz Submission.

govt.nz appears to adequately serve the community of interest making the application. Creating the new 2LD would only create public confusion with the added possibility of duplicate names in .govt.nz and .parliament.nz.
