Dear Debbie

Re Application for a new second-level domain - .parliament.nz

Thank you for the opportunity to comment on this application.

As you are aware, the Offices of Parliament currently use **parliament.govt.nz** as their base domain.

The Commission appreciates the application by the Offices of Parliament for the second-level domain name, **.parliament.nz**, in order to be seen as constitutionally different from the executive arm of Government.

While the Commission does not see this as a necessary move, given that it is unlikely that the public will appreciate the distinction, I have no objection to the proposal.

Yours sincerely

Mark Prebble
State Services Commissioner
